

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

December 10, 2020

Dear King Members, Friends, and Family:

Yesterday, the Wisconsin Department of Health Services shared that while 19 counties in our state show a growing trajectory (percent case change) of COVID-19 cases, another 10 counties show a decreasing trajectory. According to the Wisconsin Department of Health Services dashboard, Waupaca's trajectory is decreasing; however, our COVID-19 case activity over the past two weeks is still classified as "Very High." Please continue to take COVID-19 precautions to keep yourselves, our staff, and our members safe.

Since my last update on Monday (12/7), one employee at King has tested positive for COVID-19, and three members have recovered. Currently there are 11 active positive cases of COVID-19 on campus (2 members, 9 employees).

Beginning in January 2021, we will be moving to email and text notifications, instead of mailed paper letters, as our primary way of sharing these updates. If you haven't yet added yourself to our email and phone mailing list, please do so now at www.WisVetsEmail.com. If you would like to continue to receive printed and mailed letters, please contact Barb Anderson at (715) 256-5022.

Sincerely,

Tammy Servatius, Commandant
